Dear Brian:

As a matter of general interest, the Postal Service intends to evaluate the use of Amazon rolling stock containers in Postal facilities as an alternative delivery method for Amazon packages.

On July 8 Headquarters Customer Service Operations will be evaluating empty Amazon rolling stock containers at the Falls Church, Virginia Carrier Annex to assess the staging options, feasibility for usage, and to gather employee input on the current process for the handling of Amazon packages.

Enclosed is a picture of the Amazon rolling stock container.

If there are any questions, please contact April Cutchember of my staff at 240-321-4768.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rickey R. Dean", with a long horizontal flourish extending to the right.
