LABOR RELATIONS

March 2, 2022

Mr. Ivan Butts  
President  
National Association of Postal Supervisors  
1727 King Street, Suite 400  
Alexandria, VA 22314-2753

Dear Ivan:

As a matter of general interest, on March 8, the Postal Service will begin testing the dynamic routing functionality and notification capacity of Optimized Routing and Delivery (ORD) tool in conjunction with MyPO, Click-N-Ship, and the MDDs for conducting same day pickups for same and next day delivery. In the offices involved in this test, carriers and supervisors will follow the messaging of pickup requests in the ZIP codes via their scanners, MyPO and the ORD tool. The test is designed to ensure and gauge the timeliness and effectiveness of these real time notifications as well as the accuracy of the dynamic routing.

The following offices are involved in the test:

- Grapevine Post Office Grapevine, Texas in the Texas 1 District
- Richmond Post Office Richmond, Texas in the Texas 2 District
- Sugar Land Post Office Sugar Land, Texas in the Texas 2 District

Please contact Bruce Nicholson at extension 7773 if you have questions concerning this matter.

Sincerely,

A handwritten signature in blue ink, appearing to read "David E. Mills".

David E. Mills  
Director  
Labor Relations Policies and Programs
